USER STORIES AND WIRE FRAME FINAL PROJECT WEEK 8

**My Project:** Create a website, containing information about my Masters in Architecture thesis topic – “Home and Family: Preserving the Residential Fabric of the Nigerian Igbo Village”.

User Story #1:

MassArt Architecture faculty and potential employers within the field of architecture.

Story #2:

Architectural students; from direct institutions; graduates and undergraduates; looking for general info regarding thesis projects.

Story #3:

Nigerian people of Igbo descent; they are doing general searches for info on Igbo culture.

Website content

Photographic images; drawings and sketches; text.

Some general Site Sections – Topic Intro; About Nigeria; About Igbo culture; About the Nigerian Village & City; Proposed Design; Design Guidelines; About me
